

How to . . . Make a Viking Costume

Whetstone

- Dark coloured jogging bottoms, trousers or leggings
 - An oversized green t shirt
 - Belt or rope to tie around your waist
 - A cloak or blanket
 - Wellies or big boots
 - Fake fur trim
 - Duct tape
 - Safety pins
1. Tuck the trousers inside the boots or wellies. We taped fake fur to the tops of the wellies to try and make them less welly like!
 2. Use the rope or belt to pull the t shirt in around your waist.
 3. Attach a piece of fabric, blanket, towel, cloak left over from Halloween, or even an old pillowcase to your shoulders using the safety pins.
